

# Outbreak

**Kayla Ruch, MPH, CPH,  
HACP, CIC**  
Ph.D(c.) in Epidemiology  
Infection Prevention Practitioner  
*UTHealth Houston School  
of Public Health*

## August 1, 2024

2-3 PM CT, VIRTUAL

A brief overview of how to determine and conduct an outbreak investigation in a healthcare setting by implementing infection prevention strategies, ensuring patient and staff safety, and maintaining public health standards. Learning objectives include explaining outbreak investigations and discussing a case example.

### LOCATION
