

Texas Wastewater Environmental Biomonitoring Program

Work Groups

Science & Validation

Chair: Anthony Maresso, PhD

- Wastewater science education
- Test samples
- Validate & standardize signals
- Generate viral reports
- Innovation

Statistics & Modeling

Cici Bauer, PhD

- Creating a data repository
- Defining access to data
- Dashboards
- Statistics
- Predictive modeling

Action Plan

Chair: Jennifer Deegan, MPAff

- Recruitment
- Engaging stakeholders
- Notification protocols
- Public health action

Ethics

Co-Chairs: Amy McGuire, JD, PhD
Christi Guerrini, JD

- Identify, anticipate, and help mitigate ethical issues related to existing and potential future wastewater monitoring efforts
